Tannersville, PA 18372

Dear Bonnie:

The new Weiler Master Catalog is getting RAVES! Everyday we receive compliments from our field sales force and our distributors. Typical remarks are: "the finest catalog in the industry, "complete, well organized product information", "easy to use", "beautiful", "innovative", "state of the art, "in addition to having the best products in the market we now have the best catalog," "great job" and on and on. We are delighted with how enthusiastically it is being received.

Your creative ideas, very hard work and your complete attention to every detail produced an outstanding result. We are so *proud* to have our name on this catalog. Many, many thanks for a great job!

Sincerely,

A handwritten signature in blue ink, appearing to read "Ann H. Weiler".
